

Dear Valued Member,

If you haven't heard, GMS has the throttle wide open this year and is making Motocross racing a part of our presence throughout the Tri-State area. What does Motocross racing have to do with networking? Absolutely nothing... But that is the beauty of it! We are now establishing our presence in areas that we would never reach during our normal travels. Furthermore, we are also providing members in our network with opportunities to promote their business throughout the Tri-state area, and not just in New Jersey. Our team has one local pro competing for Nationals this year, as well as two amateur racers. Logos, Banner Ads, Website Promotion, Marketing Material distribution, and Signage at over 30 races this year will be included for those who are interested in getting involved. Details are on our site. Just click on the GMS Racing button at the top. A new website, [www.gmsracing.net](http://www.gmsracing.net), will be coming soon!

## NETWORKING EVENT FEEDBACK

On March 15<sup>th</sup>, we held another business card exchange at the Spring Lake Manor. If you attended, you saw just how effective they can be for your business. In addition to the great food and being a lot of fun, the quality of people you will meet is extraordinary. Active GMS members understand networking and the importance of relationships, and they have been great mentors for the newer members. The feedback we've been receiving about all the new business contacts and relationships these events generate has never been greater. We are also taking greater care to fully explain the concept of networking to new members when they join, so that they understand GMS is not "advertising". The result? Existing members are experienced, new members have complete understanding, and the value added at GMS events will have a real impact on your bottom line.

## NOT A MEMBER YET?

If you are a quality business owner, becoming a member is easy. All you have to do is call or email us and set up an appointment where an owner of GMS can meet you in person. We have met every business owner in an effort to protect not only the reputation of GMS but also the reputations of every member in our network. It also allows you the opportunity to get to know us personally. When we hand your business card to someone, the potential customer feels much more comfortable with the referral.
